Bellevue, WI 54311

## Bellevue Dog Park Committee

In August 2010, the Park Commission recommended with the Village Board approving the 5-year Comprehensive Outdoor Recreation Plan (CGRP) to make reference of the need to develop an off-leash dog park in the village.

The Village of Bellevue Park Commission approved the creation of an ad-hoc committee to guide a private fundraising effort to develop a community dog park.

The purpose of the Bellevue Dog Park Ad-Hoc Committee is to:

- Raise funds for the development and ongoing maintenance of an off-leash dog park in the Village of Bellevue;
- Raise community awareness and build community support for of the proposed dog park;
- Present multiple options for size, uses and budgets for the proposed site location.

# Bellevue Community Dog Park

## What is the Bellevue Community Dog Park?

A place where our best friends have a place to run, roll around in mud, meet new four-legged friends and even catch a ball or Frisbee.

The Leisure Services Department, Friends of Bellevue Parks, Oak View Veterinary Hospital and a group of volunteer citizens are working to create and operate a community dog park in the Village of Bellevue.

Fundraising is now on-going with the hope of raising enough funds to install a fence, drive access and parking to begin operations.

## Where is the proposed Bellevue Community Dog Park?

The proposed site is located at Vanden Heuvel Park, 2282 Bellevue Street.

This 22.5 acre park site is located just south of State HWY 172 along the banks of the East River. The majority of this park is part of the East River Parkway & Trail. Approximately 6.5 acre section of the property will be developed as a dog park.

## Community Support!

The Leisure Services Department is proud to partner with area businesses that are helping make a dog park reality:

- Oak View Veterinary Hospital
- Laura Mossakowski, LLC
- Globe University
- Forever Friends Pet Cremation Services
- Friends of Bellevue Parks
