INFORMATIONAL MEETING FOR RESIDENTS OF EAST ST. JOSEPH STREET AND LONGVIEW AVENUE REGARDING CONSIDERATION OF ADDITION OF SIDEWALKS

The village of Allouez is considering the addition of sidewalks and/or trail to sections of village streets as part of the 2017 Street and Utility Reconstruction Project. An informational meeting will be held from 5:30-6:30 PM on Tuesday December 6th at the village hall to discuss these options and to receive input from residents.

The draft village bicycle and pedestrian plan includes the following locations which are part of the 2017 Street and Utility Reconstruction Project:

North side of East St. Joseph Street (between Libal St. and East River Drive)—for addition of a trail or sidewalk as part of the future Arboretum Trail.

South side of East St. Joseph Street (between Libal St. and East River Drive—for addition of sidewalk.

North side of Longview Avenue (between Webster and Delahaut Street)—for addition of sidewalk.

Future addition of sidewalk to the north side of Longview Avenue (between Delahaut and Libal Street).

These locations are under consideration for implementation as part of the project.

The cost of the trail and sidewalks is a village cost and will not be assessed to property owners.

The Arboretum Trail is part of the long-range plan for village development. A map of the sidewalk locations is on the back of this letter. Also, this letter and maps of the plan are on the village website www.villageofallouez.com.

Resident input is requested either at the informational meeting or by filling out the enclosed questionnaire and returning it to the village. At the informational meeting resident input will be received by turning in this form as well.

Please feel free to contact the village if you have questions and/or attend the informational meeting on December 6th at 5:30 PM. Contact craig@villageofallouez.com.

RESIDENTS INPUT ON PROPOSED SIDEWALKS and/or TRAIL ON ST. JOSEPH STREET AND LONGVIEW AVENUE

The village of Allouez is considering the addition of sidewalks and/or trails on the following streets as part of the 2017 Street and Utility Reconstruction Project. These locations are included as part of the draft bicycle and pedestrian plan. These are:

Trail or sidewalk on north side of East St. Joseph Street (Libal to East River Drive)

Sidewalk on the south side of East St. Joseph Street (Libal to East River Drive)

Sidewalk on north side of Longview Avenue (Webster to Delahaut)

Residents are encouraged to provide comments and suggestions as part of this project. Please provide your comments below. Note that the cost of these additions is a village cost.

COMMENTS AND SUGGESTIONS: _____
