RECONSTRUCTION PLAN PUBLIC INFORMATION MEETING JULY 20, 2016

A public information meeting on the proposed Street and Utility Reconstruction Plan was held at St. Matthew's Church on July 20, 2016. The purpose of the meeting was to present the plan to residents and obtain feedback on the plan.

A power point of the presentation is included in this summary of the meeting.

A questionnaire is also included which residents may fill out and submit. Please email it to Craig@villageofallouez.com or drop it off at the village hall.

Nearly sixty residents attended the meeting. A number of comments were received and are summarized as follows:

- Well thought out plan
- Residents supported the reconstruction plan
- Do the projects sooner rather than later
- Financial impact seems reasonable
- Public meeting was a good idea
- Would like more details on any sidewalks
- Increase the amount of public works projects

There was positive overall support for the reconstruction plan by all of the residents attending the meeting. Several residents commented that there is no doubt a need for repairing more streets, water mains, and sewers.

Residents are encouraged to fill out the questionnaire and return it to the village.

This information will be reviewed by the village board as the project proceeds.
