RIVERSIDE DRIVE PROJECT INFORMATION

The Wisconsin Department of Transportation has announced maintenance work to be completed on Riverside Drive in the next few weeks and also in 2016. This work is in advance of the longer term reconstruction project to be completed in 2021 and 2022.

Starting October 12th and continuing for approximately two weeks some resurfacing of Riverside Drive in selected areas will be completed. Traffic will be routed via single lane traffic during this period. Expect some traffic slow down during this period.

In late summer of 2016 additional roadway maintenance work will be performed in selected areas. This work will be a more extensive road repair. Further information will be provided as this maintenance project is further developed and the schedule becomes firm.

Please contact the Village of Allouez or the Wisconsin Department of Transportation with questions.
