Date: January 15, 2016

The Ad Hoc Bicycle and Pedestrian Committee met on January 14th. A recommendation was made by the committee for consideration by the Village Board when selling parcels AL-125-7 and AL-125-8. In absence of the minutes from the meeting, the motion is included below.

O'Rourke / Trester moved to recommend the Village Board have an appropriate easement recorded for pedestrian access prior to selling the land. The easement would follow the existing stormwater easement / historic Doty Creek. Motion carried.
