Department of Public Works

ALLOUEZ PUBLIC INFORMATION MEETING ON FUTURE STREET AND UTILITY PROJECTS

The Village of Allouez is seeking input from residents on the proposed Street and Utility Reconstruction Five-Year Plan. This is the initial one-half of a ten-year plan to make significant progress to meet the long-term street and utility reconstruction needs of the village. The five-year plan was presented.

The five-year plan, if approved by the Village Board, will result in some increase in the total utility bill for residents (\$1.20/month in 2018 and \$3.40 in 2020) and a property tax increase (\$6/year in 2018 and \$20 in 2020). These increases are estimated and are based on the project costs only. Note that a rate increase due to inflation will also occur over this period.

Residents are asked to provide input using this form, and to ask questions if desired. Please use the form below.

FORM TO TURN IN AT THE MEETING OR MAIL:

Resident Name _____

Resident Address _____

Phone Number or email address _____

Comments on Plan: _____

Do you support the reconstruction plan? Please comment: _____

What suggestions do you have? _____

Do you have questions we can answer? _____
