DISCUSSION: ZONING CODE PROJECT AND POSSIBLE STOPGAP

Staff met with The Brown County Planning Department to discuss the project and possible stopgaps. Brown County will work with staff on possible stopgaps, relating to mixed-use zoning and suggested the village draft a request for proposal (RFP). The RFP should identify the issues with the zoning ordinance, so that the consultants responding can advise how to address these issues in the responses. The village should aim to have an RFP approved by the Village Board in August so that it can be sent out in September, with the expectation of the consultant beginning work in January 2018.

Staff went over how mixed-use is currently allowed in the “‘C’ Professional Office and Residence District” through a conditional use permit. This method would likely be utilized in the other zoning categories as a stopgap.

Plan Commission asked about the restrictions of “‘C’ Professional Office and Residence District” versus the other zoning districts. The commission encouraged staff to continue working on this project and bring back potential stopgaps at a future meeting.

UPDATE ON GREEN BAY CORRECTIONAL INSTITUTION

Staff shared:
- The State Historic Preservation Office (SHPO) toured Green Bay Correctional Institution with village staff to educate on what can and cannot be done to the historically significant buildings on the property, should the property be redeveloped.
- SHPO is required to place a restrictive covenant on the historically significant structures if the property is sold, protecting the structures in perpetuity.
- Staff testified in Madison in support of the legislation proposed by Representative Steffen and Senator Lasee. The proposed legislation was being considered by the Assembly Committee on Corrections.

Discussion included:
- Local sentiments and statewide reactions
- Timeline of the proposal
May 22, 2017 (Plan Commission Meeting)

- Alternatives and existing needs of the facility

UPDATE ON ALLOUEZ WATERWORKS BUILDING LOCATED AT 535 GREENE AVENUE

The State Historic Preservation Office (SHPO) requires a restrictive covenant on the property prior to sale, but allows the village to be the author of the covenant. The village is looking to have a restrictive covenant drafted within the next few months. If a future owner wishes to pursue historic tax credits, they would then have to receive approval by the state.

REPORT/DISCUSSION: STANDING COMMITTEES

Staff provided an update on the Parks, Recreation, and Forestry Committee and the Public Works Committee.

Hansen / Kowalzek-Adrians moved to suspend the rules at 6:32p.m. and open up discussion for public comment. Motion carried.

Jim O’Rourke 2339 Oakwood Avenue
- Discussed the need for safe pedestrian access to the Fox River Trail from the St. Joseph Street and Allouez Avenue intersections on Riverside Drive.

Hansen / Kowalzek-Adrians moved to pick up the rules at 6:34p.m. and close public comment. Motion carried.
