Re: ACTION RE: 2017 ALLOUEZ PLAN COMMISSION ANNUAL REPORT

Date: 19 April 2018

The Plan Commission reviewed the 2017 Allouez Plan Commission Annual Report at their March meeting and requested the Village Board discuss and approve the proposed 2018 actions and activities prior to Plan Commission approval. The Village Board approved the proposed work, with no additional items.

In addition to the proposed 2018 focused work, the report also includes a list of the major accomplishments by the Plan Commission for 2017, different opportunities for the commission to increase their knowledge, and possible future tasks the commission might want to consider focusing on.

The Plan Commission is asked to approve the 2017 Allouez Plan Commission Annual Report, which was provided in the agenda packets last month.
