**Unique Qualities that make you a top candidate:** Good listener, attention to detail, and not afraid to share an idea or opinion.

**3 top issues/concerns regarding the Village and proposed resolution:**

- 1.) Webster St Development – Continue to participate in discussions with Village Staff - to listen actively and review ideas shared by staff and developers to benefit the Village.
- 2.) GBCI – I would love to see this facility relocated in my lifetime. The removal of GBCI would open an entirely new tax base for the Village.
- 3.) Park & Rec conditions. I plan to remain on the Park & Rec committee and focus on parks and programs' maintenance and condition of our parks and trails.
